SEBO duo-P Cleaning Powder Cleans Carpet and Upholstery –

This amazing powder cleans carpets or upholstery to like new condition and removes even the most stubborn stains! It is made of polyurethane granules moistened with a cleaner and is environmentally friendly and safe to use. And, unlike other cleaning powders, no "pre-spray" is needed. (Tightly seal partially used packages after opening to maintain moisture.)

When the powder is worked into the carpet fibers, the moistened sponge-like granules lift soil and stains out. Within 30 to 60 minutes, the powder is dry and is removed by vacuuming, leaving the carpet or upholstery clean, dry and ready for use. And the GAF allergy research center in Germany found that six months after a single cleaning with duo-P, seven out of ten carpets remained free of dust mite allergens.

The duo Brush Machine Cleans Large Carpeted Areas –

SEBO's duo Brush Machine features two spinning brushes that open the carpet pile, enabling the duo-P Powder to clean each fiber. Weighing only 11 pounds, it is lightweight and easy to use. And with a brush path width of 12 1/2 inches, a room or entire house of carpet can be quickly cleaned.

The duo Daisy Brush Provides Quick Convenient Carpet Cleaning –

This duo accessory is a necessity! The Daisy is a single brush and is not motorized. However, it is the ultimate in convenience because, with its adjustable handle and very light weight, one can work in a comfortable upright position and clean both small and medium-size carpeted areas, such as hallways or an entire room. The Daisy even offers two brush bristle options for different types of carpet: easy or aggressive. Its adjustable handle accommodates user height preferences and enables it to be stored in small spaces. The Daisy and duo Hand Brush can also be used to clean carpet and upholstery in cars, boats and RVs.
